

KENTON + DISTRICT U3A

SHARING MEMORIES GROUP

We meet to discuss, informally, personal histories, such as childhood memories, family connections, i.e. parents, children, siblings and friends. Not personal problems, just how life has directed us. Stories of places where we grew up or even where we live now, as well as our education and work experiences.

Interwoven with these tales it brings up events that are also the history of the past century as affecting each member.

We don't go into the deep research of genealogy

The group meets for just two hours once a month on the 1st Monday of the month at 10am -12 at the Century Bowling Club, Logan Road.
